A New World...

A New Technology...

One Last Hope for Salvation.

Neon Genesis Evangelion

Each Tape Approx. 60 minutes

The year is 2015 and over half of the Earth's population is dead. Fifteen years after an apocalyptic explosion at the South Pole, the remnants of humanity are faced with a series of bizzare alien invaders known as Angels. Standing against the Angels is the mysterious NERV agency and its biomechanical giants, the Evangelions. Humanoid in form, these monstrous creations are the only force on Earth that can break through the AT Fields projected by the Angels long enough to engage the massive invaders in bestial combat! However, even with these technological miracles, the fate of humanity is grim, for only a handful of teenagers are capable of piloting an Evangelion. Was accelerated evolution responsible for the providential birth of the unexpected saviors, or are there much darker forces at work in the depths of NERV? Biblical prophecy, savage human drama and blistering hi-tech battle action collide in a spectacular orgy of destruction in the award winning, blockbuster hit, NEON GENESIS EVANGELION!
